

AUTONET TV

Make your waiting rooms, lobbies, and areas of business more engaging and comfortable for your customers. AutoNetTV offers a range of high-quality automotive service videos and animations that can educate and entertain your customers while informing them to make better service decisions.

Services include custom television programs designed to:

- Increase customer trust
- Boost service sales
- Entertain customers in waiting rooms
- Highlight customized service specials and pricing through digitized menu boards
- Showcase specific video content

AutoNetTV video content can also be added to your website to increase professionalism and user experience.

Additionally, a variety of AutoNetTV content has been created that features many of the unique Certified Service Center products and programs like the Confidence Plus® North American Warranty and SafeRoute Roadside Assistance®.

Certified Service Centers are eligible for discounted services from AutoNetTV*. To view sample productions, visit www.AutoNetTV.com. For more information call 801-492-9900 and mention you are a Certified Service Center to the AutoNetTV sales representative.

driveExperience: Lobby TV

Take control of your waiting area and build customer trust.

- driveExperience entertains and educates customers while they wait for automotive services to be completed.
- Programming ensures that competitor's ads will not play in your waiting area.
- Customers will never see offensive content or depressing news playing. driveExperience content is family friendly!
- Add your own branding, ads, videos and more quickly and easily.
- driveExperience increased your sales and CSI!

driveServices: Digital Menu Board

Everything you'd expect in a fully-developed automotive signage solution

- Turn your menu board into a tool that sells for you!
- Increase sales with award-winning content, featuring 3D animations and graphics.
- Customizable screen allows you to easily upload and edit services, pricing, ads, videos, and more!
- driveServices engages customers and reminds them to take care of needed maintenance and repair.

* Each service center enters into its own agreement with AutoNetTV. All legal stipulations are noted in the AutoNetTV Agreement.
