

# AUTOPASS™ CREDIT CARD

Offering your customers a line of credit through an exclusive credit card program may result in greater customer loyalty and frequency and higher expenditures on each visit.

As a Certified Service Center, you'll be able to offer the preferred private label AutoPass™ credit card to your customers for any parts, services, accessories, and tires purchases at your shop.

AutoPass credit card holders may also have the option to extend their Confidence Plus® North American Warranty to 36 months/36,000 miles.

The AutoPass credit card is made available through the Credit First National Association (CFNA). Contact CFNA at 800-527-6770 to enroll, and mention you are a Certified Service Center.

Note: The AutoPass credit card program is only available to shops in the U.S.

Contact your parts supplier for more information.
